

Doha Tribeca Film Festival

Project Overview - A setting was required to stage the opening night of the inaugural Doha Tribeca Film Festival 2009 in the picturesque grounds of the Museum of Islamic Art. More than 5,000 guests enjoyed a special screening under the stars of Hilary Swank's new movie 'Amelia' and a spectacular performance from the Qatar Philharmonic Orchestra

ES Group's Role - ES Group built a 30m wide x 18m high x 32m deep stage housing a spectacular 24m wide screen on which a variety of films would be shown under the stars. ES Group also built special screens at two other unique locations for the inaugural festival
